EXPERIENCE

EXPRESIA (Canada)

Remote

Full-stack Developer

February 2024 – Present

- Designed and developed a scalable e-commerce web application for a pet store using the Expresia platform. I built the app such that non-technical users to easily manage and update the app content, increasing operational efficiency, enhancing productivity, and driving sales growth.

HIGHLIGHTED PERSONAL PROJECTS

Remote

Full-stack Web Developer

February 2023 – Present

[Restaurant Website](#) – This website was built for a restaurant. The site shows the various services offered by the restaurant and includes customer reviews. Animation was also added to the site to make it interactive and user-friendly.

- Built with: (HTML, CSS, React, and GSAP).

[ElevateHER Innovation Space](#) – Developed a website for a hub dedicated to training women as full-stack developers. The platform allows registered students to access their personalized dashboard, providing seamless access to online study materials and course resources.

- Built with: (HTML, CSS, JavaScript, React and Firebase).

[Kano Weather Mobile App](#) – This mobile app displays 12 live weather condition parameters for Kano State, Nigeria. It was built using the OpenWeather API.

- Built with: (HTML, CSS, JavaScript, and React/Redux).

EDUCATION

MICROVERSE

February 2023 – Present

Remote Full Stack Web Development Program, Full-Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

KING FAHD UNIVERSITY OF PETROLEUM AND MINERALS (KFUPM)

August 2021 – January 2023

Master Of Science, Computer Engineering, Computer Networks, and Security

- Scored a Cumulative Grade Point Average (CGPA) of 3.7/4.0.
